50 CENTS PER MONTH

ARBITRATION NOT A CURE- ALL

Roosevelt Asserts It Cannot
Be Resorted to in Matters
of Nation's Honor

HE PROTESTS AGAINST
EXTREME PEACE PACTS

Declares It Wicked to Bind
Country to Pledges She
Cannot Perform

NEW YORK, Sept. 7.—Nominally
avoiding specific comment on the ar-
bitration treaties with Great Britain
and France, former President Roose-
velt in the Outlook today protests
against the United States being a
party to peace pacts involving national
honor. Roosevelt says in part:

"In general, arbitration treaties can
only be promises. Appealing espe-
cially to sentimentalists who can
never be safe, their importance
is usually exaggerated to a ludicrous
degree. The really important
thing is the practical application of
the principle to a specific instance.

"Men who are willing to think,
know no country can keep an agree-
ment, arbitrate a question of vital
honor and interest, even though the
country should be so unwise as to
make it. It is a wicked thing to put
us in the position of promising what
will not and cannot be performed.

"True lovers of peace who have
really helped the peace movement up-
wards have been those who, follow-
ing in the footsteps of Washington
and Lincoln, stood for righteousness
as the supreme end of national life."

PINCHOT STARTS FOR COAL FIELDS

With Miles Poindexter Will Get
Acquainted With Alas-
kan Resources

CORDOVA, Alaska, Sept. 7.—Gif-
ford Pinchot, former chief forester,
and Senator Miles Poindexter, are
here today to begin an examination of
Alaska's resources. They were pre-
sented with elaborate maps of the
coal regions and the party will pro-
ceed immediately to Seward, thence
to the Matanuska coal fields to join
the Holmes Geological Survey party.

FRIGHTFUL STORM STREWS LAKE WITH BOAT WRECKAGE

CHICAGO, Sept. 7.—After one of
the worst storms that ever swept
over Lake Michigan had churned it
self to fury, Chicago Harbor is today
strewn with wreckage.

Fifteen yachts, property of the Chi-
cago and Columbia Yacht Club, which
were moored near the harbor, were
dashed against the piers and sank.
Many smaller craft were destroyed.
In the midst of the furious blow,
which arose suddenly this morning,
a police tug, which had been launched
in an effort to aid vessels in the
harbor, capsized and its crew barely
escaped with their lives.

SPECIAL TRAIN BEARS MESSAGE TO JIM JEFFRIES

LOS ANGELES, Sept. 7.—A special
train is flying across Alaska from
Seward bearing a special messenger
who is following the trail of James J.
Jeffries and his brother, John Jeffries,
to overtake them on their bear hunt-
ing expedition on the Kenai penin-
sula in that territory, tell them of
their mother's serious illness, and as-
sist them in making a record breaking
trip back to her bedside out on Cy-
press avenue in this city. Fred
Laubner, the messenger, received the
cable yesterday and started at once
on his overland journey. It is said it
will be two weeks before the Jeffries
brothers can reach home.

ner Fourth and Main Sts.

Liner Struck on Rocks—100 Fac- ed Death in Fog

SAN FRANCISCO, Sept. 7.—
One hundred passengers aboard
the liner "Santa Clara" faced
death this morning when that
vessel struck the rocks off North
Head near Point Bonita, while
entering the Golden Gate in a fog
which obscured the channel en-
trance. A heavy sea was running
at the time, and the passengers,
who were preparing to land, were
suddenly thrown on deck by a
terrible crash. Women and chil-
dren screamed in terror and a
rush was made for the lifeboats.
For a few minutes panic reigned,
but the bravery of the officers,
and the discipline of the men
proved sufficient to quell the rush,
and order was soon restored. The
vessel hung on the rocks for a few
minutes pounding heavily, then
slid off into deep water.

Bulletins of News

Hot from the wire up to 3:30 p. m.

THE WEATHER

Fair tonight and Friday;
light northeast wind.

Governor Baldwin and a number of
notables.

DEATHS RESULT AS AEROPLANE MOTOR EXPLODES IN AIR

STRASSBERG, Germany, Sept. 7.—
Aviators Lieutenant Neumann and
Leconte, the latter carried as a pas-
senger, were instantly killed at Bilshelm
today when the motor of their aero-
plane exploded at a height of 100 feet,
the men and their machine being in-
stantly enveloped in a sheet of flame
as they were dashed to the ground.

Both were crushed beneath the mo-
tor. Paul Senge, an amateur aviator,
who was making a trial flight at
Karlsruhe, also fell and was picked
up unconscious with a fractured skull.

RECIPROCITY TO WIN, SAYS MAYOR

Vancouver, B. C., Official Ex-
pects Laurier's Policy to
Be Supported

NEW YORK, Sept. 7.—A confident
prediction of the victory of the reci-
procity cause in Canada was brought
to New York today by Louis D. Tay-
lor, mayor of Vancouver, B. C., and
editor of the Vancouver World.
"I am convinced," he said, "Sir Wil-
fred Laurier will be vindicated as
premier in our elections the 21st, and
will have in the new Parliament a
majority as large as the present one."

He ridiculed as a bugaboo the is-
sue of annexation raised by the op-
ponents of reciprocity, declaring it
has no effect on thinking classes.

FILIPINOS WILL AID IN PANAMA EXPOSITION

SAN FRANCISCO, Sept. 7.—Manuel
L. Queson, former member of the
staff of General Aguinaldo, and a
member of the Philippine legislature,
was visitor to the Panama-Pacific
fair headquarters yesterday for the
purpose of assuring the directors of
the co-operation of the Filipino Na-
tional body in 1915.

State Printing Office Surely "Up Against It"

SACRAMENTO, Sept. 7.—Amazing
as was the corruption uncovered by
the State Board of Control in its in-
vestigation of the text-book depart-
ment of the State Printing Office all
of the returns are not yet in. Facts
now being brought to light make it
certain that the condition in the
state department of the printing office
will be shown to be equally bad.
It is known that the Board of Control
is probing into conditions at the
printing office and an interesting ex-
ample of State Printer Shannon's ad-
ministration of his department is
given in connection with the printing
of the annual report of the State In-
surance Commissioner.

The State Printing Office was asked
to bid on the insurance report in
competition with private concerns.
State Printer Shannon submitted a
price of \$2127. Four private firms
underbid the state department as
follows: Van Cott & Company \$1665,
Althoff & Bahls \$1850, Stanley Taylor
Company \$1992.65, and the Sunset
Publishing Company \$1409.50. The
last named firm was awarded the

BEATTIE'S FATE WILL SOON BE WITH JURY

Prosecuting Attorney Scored
Prisoner in a Scathing
Denunciation

BEATTIE UNMOVED, BUT
WEPT DURING DEFENSE

Paul Beattie Released—Beu-
lah Binford Free; Will Pose
for Films of Tragedy

CHESTERFIELD COURT HOUSE,
Va., Sept. 7.—Upon receipt of Judge
Watson's release order, Paul Beattie,
cousin of Henry Clay Beattie, Jr., on
trial for wife murder, left jail today.
Although Beulah Binford's release
was also ordered, she remained in the
cell. It developed that Beulah is re-
maining in jail awaiting a visit from
a vaudeville booking agent from New
York who offered her a large salary
to tour the country in a little skit
based on the Beattie case.

A charge which is regarded as
strongly favoring the defense was
given the jury which will pass upon
the guilt or innocence of Henry Clay
Beattie. After reviewing the evidence
of murder, Judge Watson said:

"In a case where the commonwealth
endeavors to prove the accused per-
son's guilt, the evidence must show
that the circumstances are inconsis-
tent with every reasonable hypothesis
except that of guilt."

Commonwealth Attorney Gregory,
an old fashioned lawyer, and a Con-
federate veteran, opened the argu-
ment for the prosecution. His plea
conviction bristled with quotations
from scripture. He reviewed the
evidence of witnesses regarding
Beattie's automobile being seen on
the road shortly before the killing,
and added:

"They saw no one else there. The
prisoner alone had the means and op-
portunity of committing this heinous
crime."

Referring to the motive, Gregory
said:
"Here was an innocent wife, un-
touched by sin, vice or shame, proud
of her motherhood, but this man,
filled with venom and corruption, vice
and sin, left the innocent woman with
his own child at her breast and took
to the arms of a woman of the streets.
There is the motive."

The jury was plainly affected by
his argument.
Gregory concluded his argument
with a burst of oratory demanding
vengeance for the terrible crime
staining Chesterfield County's fair
name. Beattie sat unmoved during
the denunciation.

Defense Attorney Carter opened
the arguments favorable to Beattie.
He talked in a low, pathetic voice,
and Beattie hid his face to conceal
his tears.

The case may go to the jury late
this afternoon.

WILL POSE IN FILMS OF THE BEATTIE TRAGEDY

Beulah Binford left jail at noon to-
day, and took the train for Washing-
ton, where she will fill a moving pic-
ture engagement. She will pose for
films in a plot representing the Beattie
case.

POPE REFUSES TO SEE CARUSO

ROME, Sept. 7.—Some days ago
Signor Caruso, the tenor, asked for
an audience with the Pope, but his
application was not granted, the rea-
son being that the Pope still was too
weak from his recent illness to see
the singer. It is said the refusal was
due at least in part to certain scan-
dals with which the tenor's name has
been connected.

Secretary Wilson Presides at Dedication of Largest Private Dam

DENVER, Sept. 7.—Secretary of
Agriculture James Wilson today dedi-
cated the Stanley dam near Denver,
the largest private irrigation enter-
prise in the world, also the largest
public or private dam in close prox-
imity to any large city.

\$9000 WORTH OF JEWELS ARE LOST IN SEA DURING SCUFFLE

PORTLAND, Ore., Sept. 7.—Nine
thousand dollars' worth of jewels,
the property of Mrs. Adelia Russell,
widow of a millionaire member of
the shoe manufacturing concern of
Russell & Russell of Boston, today
lies at the bottom of the Pacific
ocean as a result of a playful scuffle
among passengers on the steam-
er Beaver last Tuesday, it was
learned today.

George Primrose, formerly one
of the leading minstrels of the
country, whose wife is suing him
for divorce, and Mrs. Russell were
together much during the trip.

They were the center of an ad-
miring throng, and Primrose was
telling one of his best stories when
a number of other passengers en-
gaged in a race around the deck
and interrupted the story teller.
He proposed that the racers be
stopped by a human barricade.
When the runners next came down
the deck, Primrose, Mrs. Russell,
and members of their party, stood
in the way. There was a clash of
bodies, and the next moment the
chateau bag on Mrs. Russell's
arm burst open, and the jewels roll-
ed into the sea.

TWO MERCHANTS ARE MOURNING \$10 LOSS

Smooth Stranger Gives Checks
for Goods Which Cannot
Be Delivered

CLAIMED TO BE LOCAL
INSURANCE AGENT

Got \$10 Change From A. G.
Lucas and G. A. Edgar,
Then Disappeared

Two local merchants believe they
have been bunked to the extent of
about \$10 each by a bogus check ar-
tist, the man in question being of
business-like appearance and smooth
address, but of methods which are, to
say the least, decidedly irregular. One
of the supposed victims is A. G. Lu-
cas, the grocer at Fourth and Broad-
way, and the other is G. A. Edgar.

Tuesday afternoon Mr. Lucas was
approached by a well-dressed, polite
stranger, who asked to use the tele-
phone. After sending his message the
stranger passed out, saying as he
left that he might be back a little
later and order a bill of goods. In
about two hours the man came back
and gave an order for staple groceries
of various kinds, amounting to \$9.43.
In payment the purchaser tendered a
check on a San Diego bank, drawn in
favor of C. A. Morton, and signed
"Silver City Oil Co., by E. A. Phil-
lips."

Morton said he was an insurance
man, with offices in the First National
Bank building. He explained to
Mr. Lucas that his pay checks came
sometimes on the first of the month
and sometimes a little later, which
was his reason for being short of
cash. He ordered the goods sent to
his residence, 715 Cypress avenue.

Mr. Lucas accepted the check and
gave Morton the change. That even-
ing when the driver attempted to de-
liver the goods he was unable to find
the number given, or learn anything
of Morton. Upon hearing this Mr.
Lucas at once smelled a large sized
rat, and telephoned to the chief of
police of San Diego. He found that
there was such a concern as the Sil-
ver City Oil Company, but it was not
at the address given by Morton. The
San Diego chief said that the check
was evidently the work of a swin-
dler, and promised to look into the
case.

Morton's operations at the Edgar
store were practically identical with
those at the Lucas establishment. He
selected a handsome chocolate set,
worth \$10, and ordered it sent to the
Cypress avenue address. He was care-
ful to specify that no bill should be
sent along, as "the set was for a birth-
day present." Morton gave Mr. Ed-
gar a check for \$20, signed by the oil
company, and received \$10 in change.
The chocolate set is still in Mr. Ed-
gar's store, after a vain attempt to
deliver it.

Both the checks were placed in
bank in the usual course, and nothing
has been heard of them yet. The
merchants who accepted them, how-
ever, have small hope of their being
honored.

STANLEY DAM WAS DEDICATED TODAY

Secretary Wilson Presides at
Dedication of Largest
Private Dam

DENVER, Sept. 7.—Secretary of
Agriculture James Wilson today dedi-
cated the Stanley dam near Denver,
the largest private irrigation enter-
prise in the world, also the largest
public or private dam in close prox-
imity to any large city.

STRIKE TALK WILL NOT YET DOWN AND END HAS NOT COME

SAN FRANCISCO, Sept. 7.—Presi-
dent J. W. Kline of the International
Blacksmiths' Union, upon his return
today from Sacramento, said:
"There is no change in the situa-
tion, and there will be none until the
delegates from the various shops of
the Harriman system have a meeting
here. I do not anticipate that we will
find the sentiment of the delegates
any different from that expressed by
their local unions when we took up
their demands with General Manager
Kruttschnitt."

EMPLOYEES' UNION HEADS AGAIN CONFER FOR STRIKE

CHICAGO, Sept. 7.—The executive
officials of the Illinois Central em-
ployees' union are again conferring to-
day, discussing the advisability of
calling a strike. The railroad of-
ficials declare they have received no
new overtures from the men.

600 JOIN MAN HUNT FOR NEGRO MURDERER

Forty Officers Lead In Chase For Fiend
Who Attacked and Killed Mrs.
Haskins Near Compton

LOS ANGELES, Sept. 7.—Forty of-
ficers, augmented by 600 citizens, all
heavily armed are today scouring the
country south of Los Angeles for the
negro murderer of Mrs. Melvin Has-
kins, attacked and killed at the Has-
kins' ranch near Compton yesterday
evening.

Fred Wallace, the negro chauffeur,
arrested here last night on suspicion,
proved an alibi and was released to-
day.

Mrs. Haskins, 51 years old, wife of
a rancher, was attacked and murder-
ed while alone at her home one mile
from Compton yesterday afternoon. A
young negro was seen to enter the
house and leave 20 minutes later.

The husband of the unfortunate
woman, and his brother, E. C. Has-
kins, who owns an adjoining ranch,
left their homes at 1:30 o'clock in the
afternoon and drove to Compton. About
half an hour later, while the 14-year-old
daughter of the murdered woman, left
the house and started to

Compton to take her weekly music
lesson.

Suspect Arrested Here
Ernest Allred, colored, was arrested
in Orange this morning by Marshal
Barnett on suspicion of being the ne-
gro wanted for the brutal murder of
Mrs. William Haskins near Compton
yesterday afternoon. The negro, who
was of unprepossessing appearance,
and gave evidence of having gone
through some rough experiences, cor-
responded in some respects to the de-
scription printed in the morning pa-
pers of the man wanted.

By direction of the sheriff's office
the negro was brought to the county
jail, where a charge of vagrancy was
entered against him. After an exami-
nation the officers came to the con-
clusion that Allred was not the man
wanted, but he was held under the
vagrancy charge pending an investi-
gation of his record, and until a de-
tailed description of the murderer
can be secured from Los Angeles.

TIMES EDITORS MUST MAKE PLEAS

Judge Chesbro Overruled De-
murrer—Orders Men to
Appear Monday

LOS ANGELES, Sept. 7.—Judge
Chesbro today overruled the demur-
rer of General Harrison Gray Otis,
Harry E. Andrews and R. M. Whitney,
Los Angeles Times editors, and they
must appear Monday to enter pleas
on the charges of printing indecent
news.

Judge Chesbro decided that the
city ordinance covered more ground
than the state law in question, and
peremptorily ordered the three pris-
oners to appear in court next Mon-
day, to file their pleas as to their guilt
or innocence.

TRAMP MAY HAVE DONE BLOODY DEED

Orders Suspicious Looking
People Held for Murder of
Mrs. Daisy Wehrman

SCAPPOOSE, Ore., Sept. 7.—Bel-
ieving that a tramp murdered Mrs.
Daisy Wehrman, aged 35, and her
four-months-old son in a lonely cabin
on a small ranch four miles from
here, Sheriff Thompson, of St. Helens,
today ordered his deputies to be on
the lookout, and to arrest all sus-
picious looking strangers. The vic-
tims had been badly beaten and then
shot.

ZAPATA DENOUNCED IN MEXICO AS A TRAITOR

MEXICO CITY, Sept. 7.—Emiliano
Zapata, leader of the revolution in
Morelos, is to be prosecuted by the
federal government for treason if he
is captured alive. No further atten-
tion is to be paid to his protestations
of good faith.

Madero returned from a meeting
with Zapata last week and declared
that the Morelos leader would sur-
render and that he was a great pa-
triot. Today, however, announce-
ment was made, following the fight
with Zapata's forces that he would be
tried for murder, arson and several
other criminal offenses.

NEW TOWN IN IMPERIAL VALLEY

SAN DIEGO, Sept. 7.—There will
soon be a new town in Imperial Val-
ley five miles west of Seeley. Nat R.
Titus, brother of Attorney Harry
Titus of the Spreckels Company, an-
nounced today that it would be start-
ed immediately, in order to be ready
for the San Diego & Arizona Rail-
road, and would be named Dixie. It
will be the "helper" station at which
locomotives will begin the run over
the divide from the east. A tourist
hotel is one of the features planned.

STREET LIGHTING; A CORRECTION

In the Register's report of the
proceedings of the City Trustees,
published yesterday, there was an
error. President Ey's proposition to
the Edison company was 75c
per month for 50-watt Tungsten
lights until 2 a. m., instead of 50c
for all night, as stated in our re-
port.

FARMERS ARE PLANNING TO FIGHT

1000 Farmers Organize Today
at Minnesota State Fair
for Mutual Benefit

WILL TAKE ACTIVE HAND
IN MINNESOTA POLITICS

Denounced Taft, Congress,
"The Interests" and Cana-
dian Reciprocity

ST. PAUL, Minn., Sept. 7.—
Denouncing President Taft,
congressmen, senators, "the
interests" and Canadian reci-
procity, 1000 farmers gather-
ed at the Minnesota State fair
today, and perfected an or-
ganization that will actively
participate in Minnesota poli-
tics.

The organization may de-
velop into a national move-
ment for the benefit of the ag-
ricultural interests. The lead-
ers of the movement today de-
clared that the farmers con-
trol one-third of the country's
vote, and ought to stand to-
gether, irrespective of parties.

\$3,000 LOOT FROM TWO PAYMASTERS--- ROBBED AND KILLED

WILKESBARRE, Pa., Sept. 7.—The
paymaster and as-
sistant paymaster of the Le-
high Coal & Navigation Com-
pany were robbed and murder-
ed in the mountains near here
today. It is reported that the
robbers got \$12,000.

The men killed were Joseph See-
ner of Bantford, Pa., contractor in
charge of the extensive coal stripping
operations of the Lehigh Valley Coal
and Navigation Company and Samuel
Watkins of Summit Hill. The mur-
derers got \$3000 instead of \$12,000.
When found, the dead bodies of the
two men were lying on the inside of
a carriage on the top of the moun-
tain between Lansford and Nesque-
honing, with the horses peacefully
grazing by the roadside. There is no
clue to the robbers.

SUBMARINE "CARP" PRIZE IN U. S. NAVAL ATTACKING FORCE

SAN FRANCISCO, Sept. 7.—The fa-
cilities of the United States for
withstanding an attack by sea on this
coast by a hostile fleet was added to
yesterday when the Carp, the most
powerful submarine ever constructed,
slid down the waves of the Union
Iron Works.

Both the Carp and the Barracuda,
which is now nearing completion at
the Union Iron Works, are larger and
superior in every way to the famous
Otopus, which, built at the Fore River,
Mass., yards, won the competition
conducted by the naval board two
years ago, and is now regarded as the
prize submarine of the navy.

Although the investment as rep-
resented in the Carp amounts to \$535,-
000, this seems small, declared the ex-
perts, when it is considered that it
will have a radius of activity approx-
imating 2400 miles as a minimum and
3200 miles maximum.

The dimensions of the Carp are as
follows: Length, 142 feet 7 inches;
extreme breadth, 15 feet 5 inches;
depth from deck to keel, 16 feet 10
inches, and total displacement, 400
tons.

Coats at E. S. Gilbert Co.

WOMAN GROWER OF SPINELESS CACTUS

Mrs. Lucy Yetter of Arizona
Makes Success—Leaves
Cure Tuberculosis

San Diego Union: Mrs. Lucy H. Yetter, of Phoenix, Ariz., who has been visiting in San Diego for a month, has a remarkable specimen of the spineless cactus on exhibition at the chamber of commerce. Although this form of cactus was first produced by Luther Burbank, Mrs. Yetter says that the specimen on exhibition at the chamber of commerce was produced entirely by her without any help of the famous plant wizard. Several unique uses for the spines of the cacti have been found by Mrs. Yetter and she has used them with great success as phonograph needles.

But the leading interest which she has in the study and growth of the plants is the hope that she will succeed in producing a fluid from the cactus that will be the means of curing tuberculosis. The leaves of the cactus are said to possess the finest natural salt and to be of a highly medicinal nature.

Mrs. Yetter has already prepared a medicine for the cure of colds, in which the cactus fluid is the chief ingredient. She does not attempt to sell this preparation, but prefers to use it for the benefit of poor consumptives whom she tries to help in her Arizona home. Many other uses for this fluid are found, and she states that the leaves of the cacti are delectable when cooked as greens. Spineless cacti, if proven practical, will be of untold benefit to the cattle raisers in the desert regions of Arizona and other parts of the west, as they make desirable fodder for the cattle and are composed of 99 per cent water, according to the deductions of Mrs. Yetter, who has established a wide reputation as an authority on the study and development of various forms of the plant.

Mrs. Yetter and her sister, Mrs. Lillian Sardou, have made their home at the McClung apartments on Twelfth street while in San Diego. They plan to return to Phoenix Thursday, but hope to return here to live eventually if they are able to dispose of their interests in Arizona.

—If you should want to buy a motor truck—well, just remember that the Red is a mighty good one. A. B. Henrickson, Fourth Street Garage.

SUSAN B. ANTHONY'S NIECE GIVES \$20

Has Held Coin for Fifteen
Years to Give to Equal Suffrage in California

San Francisco Call: A message from the past, that has the advantage of being substantial as well as sentimental, has come to the College of Equal Suffrage league in the shape of a \$20 gold piece. Mrs. Emma B. Sweet, the sender, is a niece of Miss Susan B. Anthony, the patron saint of the suffragists of America.

In giving her donation Mrs. Sweet told the history of the coin, which is closely affiliated with the history of suffrage in California. Fifteen years ago, when the fight for political equality was being waged in this state and on the day the returns were coming in, the \$20 was received by Mrs. Sweet, who, with Miss Anthony, Mrs. Carrie Chapman Catt, Dr. Anna Shaw and Miss Mary Hayes, had come from New York to help in the California campaign. In giving the money Mrs. Sweet said: "In victory or defeat, I will save this \$20 until I come here again, and every cent of it I will spend in California."

"Mrs. Sweet has never returned to this state, nor have her co-workers in the political battle of that period. But when she heard of the California campaign for the enfranchisement of women she wrote to her friend, Miss Clara Schlingheide of the College of Equal Suffrage league, inclosing the money.

In her letter Mrs. Sweet said that, as she would be unable to come here to spend the money personally, she thought nothing would be more fitting than that it should be used to further the suffrage cause in this state.

Since sending her first donation Mrs. Sweet has given a suffrage tea at her home in Rochester, N. Y., which was also the home of Miss Anthony, and to which she invited all her aunt's old friends. Between them a purse of \$200 was made up for the College of Equal Suffrage league; but the board of directors, in council, decided to turn it over to the central campaign committee, that all the suffrage clubs might derive some benefit from it. The first donation was added to the funds of the Wage Earners' league.

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Sold by Druggists. J. C. Cheney & Co., Toledo, O. Take Hall's Family Pills for constipation.

Why Santa Ana business men should do their business with the

California National Bank of Santa Ana

BECAUSE its shareholders have large holdings in the city and surrounding country and their interests are mutual.

BECAUSE the strength of this bank lies not alone in its capital and surplus, but in the character and financial responsibility of the men who conduct its affairs.

BECAUSE its business is governed with that conservatism, combined with enterprise and up to date methods, which make for soundness and satisfactory banking service.

COTTON COMPANY FILES ARTICLES

Articles of incorporation of the Imperial Valley Cotton and Fruit Company were filed with the county clerk yesterday afternoon. The capital stock of the company is \$200,000, of which \$4300 has been subscribed. The directors named are J. Edmund Snow and Edith J. Snow of Brawley, and F. W. Winslow of Santa Ana. Santa Ana is named as the principal place of business, and according to the articles the company is empowered to run about everything from a chicken ranch to a transcontinental railroad.

SOME SPECIMENS ARE THESE TOMATOES

J. W. Cade of 1426 West Fifth street, this morning brought to the Chamber of Commerce three beefsteak tomatoes, grown on his place, which tipped the scales at an even six pounds. Mr. Cade says he does not claim to be an expert in tomatoes, that the vegetables were given no extra attention, and are merely samples of what Orange county soil will do without urging.

TIZ—FOR TENDER FEET

A new, scientific medical toilet tablet which Draws Out All Inflammation and Soreness.

ORANGE TAX RATE RAISED SIX CENTS

Orange News: At a special meeting last evening, the City Trustees fixed the tax rate for 1911-12. In the new rate several changes were made, two of the city fund rates being raised and one lowered, bringing the total rate to \$1.20, as compared with \$1.24 last year. The library fund rate was raised from .07 to .10, and the street fund from .46 to .575. The sinking sewer and plaza paving fund rate was dropped from .14 to .05.

The California Utah Powder Co.
—This company formed for the purpose of manufacturing and selling Utah Powder in the State of California is owned and controlled by A. H. Bryson of Los Angeles and G. A. Whidden of Santa Ana. Patent No. 979,476, under the name of explosives, was issued on December 27th, 1910, and the gentlemen named have the exclusive territory of the state of California, to manufacture and sell the product called UTAHINITE, a powder of high efficiency, combined with absolute safety in manufacturing, transportation and in handling. They have secured a location and have ordered the necessary machinery for a ten ton plant at a cost to them of about \$4500.00, which will be in operation within ninety days. The selling price of this powder is twenty cents per pound, or \$400.00 per ton, the cost including royalty to manufacture and sell the product is \$200.00 per ton, leaving a net profit on a one ton basis of \$200.00, or for 300 working days in a year of \$60,000.00. Compare this net profit with that of our sugar company, considered the best we have for investment, according to the amounts invested in the two plants, the cost of repairs and depreciation on machinery and the difference in the amounts to be expended for skilled men to operate the sugar plant, with the powder plant, they have no expensive machinery, and no high priced help will be necessary to operate the powder plant.

This company offers inducements to the investor that will stand the full investigation before his money is accepted by the company, none can show larger returns for money invested with the guarantee of safety to the investor, as he will have the privilege of making his investigations for himself and can witness the demonstrations of work that this powder does under all conditions that may be required.

NO failure has been made with this powder to produce results in the many tests that have been made with it in demonstrations.

Subscriptions will be received at the Santa Ana office, 115 1/2 West Fourth street, the demonstration of \$1000.00 to \$5000.00, the latter amount being the largest that will be received from one subscriber.

The stock now offered is 10 per cent Guaranteed Preferred Stock, par value, one dollar per share.

PLACENTIA NOTES IN FULLERTON NEWS

Miss Mabel Dunham has returned from an eastern trip to Illinois and Missouri.

Samuel Kraemer and son, who have been on a visit to San Francisco, have returned.

The suit for damages by irrigation water, brought against Frank Morse by J. W. Newell, in the name of Dr. R. Coyle, of Denver, over a year ago, has been dismissed at the request of Dr. Coyle.

A postal from A. S. Bradford informs us that he and Mrs. Bradford arrived in Winchester safely and are enjoying themselves with old friends and acquaintances. He reports that it has rained nearly every day since they left California.

Mrs. George H. Randall of Santa Ana, a sister of N. Frank Morse, died at her home in Santa Ana this Wednesday morning at one o'clock. Mrs. Randall was an only sister and besides Frank Morse, leaves two other brothers, Charley Morse of Mon-

KEPT SECRET FOR MONTH

Double Marriage of Popular
Young Los Angeles People
in Santa Ana Is Out

Los Angeles Examiner: One month ago yesterday a house party at Balboa came to a happy ending when four guests journeyed to Santa Ana, secured marriage licenses and were quietly married. Agreeing to hide their marriages for several months each participant returned to his or her respective home, where their lives ran on as before, until the truth became known yesterday.

Edwin Zacher, a prominent athlete and student of the University of Southern California College of Law, who married Miss Marie Graham, daughter of G. W. Graham, a retired real estate broker of 319 Manchester avenue; Harold Case, connected with the Los Angeles Gem Company, wedded Miss Gladys Hannam, well known to a large circle of Los Angeles young people, and daughter of J. S. Hannam, wealthy rancher.

In the case of Mr. Zacher, his father, O. W. Zacher, a local grocery and business man, was opposed to anything in matrimony for his son until he should have finished his education. The young bridegroom first aroused suspicion by diligently seeking employment for the winter instead of planning for another term in school. His pretty and vivacious little bride let a stray remark fall in her home and also aroused parental suspicion. Mrs. Graham wrote to the license clerk in Santa Ana and received in reply a card stating that licenses had been issued to the described parties. It was noticed by the parents of the other couple that the young people were together a great deal of the time and finally the whole story crept out.

The young husbands have already secured and furnished homes for themselves. Mr. and Mrs. Zacher are busily furnishing a dainty little bungalow at 4371 South Grand avenue, where they will be at home to their friends after September 18. Mr. and Mrs. Case have taken apartments at 919 Blaine avenue.

They have settled themselves to prove that young people ranging in age from 18 to 22 can marry and keep up a home. "Cooking has always been hateful to us," said charming Mrs. Zacher last evening. "But now I just love it and am learning how to cook, too. I burned the water yesterday morning, but did better in the evening, and Eddie does not like cake or pie and we can buy bread. Oh, we'll get on fine. And you must all come out some evening for a Welsh rare-bit, if you're not afraid."

STANDARD ACTIVE IN FULLERTON FIELD

Fullerton Tribune: The prosecution of development work in the Fullerton oil field continues very active, and the number of men employed by the industry in this section on the leases is increasing.

Within the next thirty days, barring unforeseen delays, the Standard will have five wells drilling in this field. The rig on the Toler property has been completed and the well will be spudded in at once.

Two more rigs, the material for which is on the ground, will be erected on the Williams ranch and on the Coyote Hills lease in the northern part of the city.

The beginning of operations on these wells means an addition to the

payroll of twenty to thirty men. A number of oil men are seeking cottages for rent in this city now that operations are coming closer, but the supply has dwindled to almost the vanishing point.

The Standard, with characteristic success, is making excellent headway on both the Leffingwell and Yriarte wells. The latter is down past the 2000 mark, while the Leffingwell is slightly better than 2000.

With the rotary these holes have been going down rapidly and unless there is some bad luck in less than nine months there should be a showing of what the Standard has in this field. Contrary to reports the hole on the Yriarte is satisfactory at the present stage.

The completion of the five wells which will be drilled shortly will give the Standard a line on its large holding. Oil men are confident that the development will prove up all the field which had previously been regarded as wildcat territory.

DRIED FRUIT MEN HAVE GOOD MEETING

Plans Made for Immediate Addition to the Local Packing House

One of the best attended meetings of the Orange County Dried Fruit Association was held Wednesday afternoon at the city hall. The president, V. Montgomery, and the secretary, A. C. Tiede presented the reasons for calling the members together.

Every one present was greatly interested in the report made by the secretary. The need of more room at the packing house was brought out. An amendment to increase the power of the directors for obtaining money for the conducting of the business was indorsed, and nearly the necessary two-thirds signatures obtained from those present. Very few more are needed which can now readily be obtained from among those who could not be present. Much time and trouble was thus saved, and the growers were given a good insight into the association's business, and also the market situation. The latter is very hopeful, and it is confidently believed that the policy of the directors will prove of great benefit to the members.

As a result of the meeting steps will be taken immediately to provide the needed addition to the packing house. The work of packing will be interrupted for a short time until more storage room has been built. This will be ready in about a week.

The need of an educational movement was pointed out. Such as raising and pruning growers have entered to increase the sales of their fruit. The suggestion is to pack in each box of apricots printed directions how to prepare apricots for use, and also some good receipts for special dishes. The necessity of such a move was illustrated by a story. A lady in England told her daughter who lives in California that she did not want any of our dried apricots. Why not? Well, they were not good. She had eaten apricot pie, and it was not good at all. On inquiry it turned out that the servant in making the pie, had put the dried apricots in as filling, without any previous soaking or stewing of them. Of course the apricot pie was a failure. And they would buy no more apricots. The directors have authorized a committee to get the best directions and receipts.

It is believed that there will be a lull in the market for about a month. Correspondence from other associations of the state keep the directors informed on what is going on up there, and, take it all in all, the outlook for good returns is very hopeful, but the early speculative sales are ruled out by the high opening price, and the growers who want good returns must wait for time to settle the market.

J. G. BERNEIKE, M. D.,
Corresponding Secretary

PLACENTIA GROWS ALMOST ANYTHING

Peaches Two to the Pound—
Fruits of All Kinds Found
On One Ranch

Fullerton Tribune: That nearly anything under the shining sun can be grown in this section of California is a fact well established, and nowhere is it better exemplified than on the ranch of J. W. Newell, east of this city. The casual observer will find nearly every variety of fruit tree thriving in the Newell orchard, loaded with luscious and appetizing fruit in season. Average peaches, for instance, may be picked off, weighing two to the pound, and it is stated that from seven trees 1200 pounds were gathered. On the plum trees the plums hang like bunches of grapes, so abundant is the product that has come to ripe maturity. Passing through the orchard there may be catalogued, besides the above, oranges and lemons, apples, quinces, figs, persimmons, apricots, pears, grapefruit and other varieties.

On the same place are grown cantaloupes, watermelon, grapes, loganberries, blackberries, raspberries and other small crops of field and garden. This ranch is typical of the Placentia

MUSH

New Tailored Coats

Handsome Garments in Stylish Fall Materials.

Our new fall coats are striking examples of fine tailoring. And the simple lines of the new garments set off good tailoring to the very best advantage. There is very little trimming on the correct coats for the coming season; the garments are cut on plain, straight lines, handsome big lapels, with tailored seams throughout. They hang well and hold their shape, for they are built for service.

We are showing coats both in the rough and the smooth materials. The smoother cloths are mainly broadcloths, and serges of several weights. The new rough materials are very handsome, Scotch mixtures, tweeds, and unfinished worsteds in grays and browns make up into stylish coats. Most of them are half lined in satin to match.

The advance models we are showing range in price from \$9.00, \$12.50, \$15.00, \$20.00, \$22.50, to \$25.00. When all our shipments are in, we will have a splendid line, larger than ever, for ladies, misses and children. You are welcome to look at the new styles any time you wish.

Have You Seen Our New Fall Suits?

Do you know we will have the finest line of Fall suits shown in Santa Ana? We have extended ourselves to the limit to have the largest and best selected stock of tailored suits we have ever shown. We have bought carefully and at the right prices. We are well equipped to do our own fitting and altering right in the store. The outlook for a big Fall trade was never better, and we are going to make a strong bid for your patronage.

The new styles are handsome examples of tailor's art. Women's tailoring now is down to a fine point, and these new suits have that graceful hang, the neat, trim appearance that characterize stylish apparel for men. The garments are cut on straight, simple lines, finished throughout in tailored seams. The jackets show neat lapels, coat sleeves, and chic pockets. The skirts are cut in the new panel effects.

We can show you a fine line of \$15.00 special suits that look to be worth a good deal more. And they come in the most stylish cloths. And then we have suits on up to \$32.50 for extra fine materials and linings. Many of the suits are furnished with satin lined dress shields at no advance in price—a feature that will be appreciated. Does this description interest you? If so, let us show you the suits at any time you are in town.

ORANGE TO PUT WIRES UNDERGROUND

Orange News: That it is the trustees' intention to have all wires in the business district underground before any paving is done, was made evident last evening when the board took action toward the enforcing of the ordinance touching overhead wires. The wires of the Southern California Edison Company are the object of the trustees' attention. Last year an ordinance was passed requiring the removal of poles and overhead wires from the business district. As the action was taken at the suggestion of the telephone company, it was agreed that for the present the electric light wires might remain up. Now that paving is in sight, there is a disposition on the part of the trustees to have the matter disposed of at once, and the appearance of the streets improved by the removal of wires and poles.

Trustee Elitiste moved that the city clerk notify the Edison company of the board's decision to have the wires put underground. Mr. Dittmer stated that when the ordinance was passed there was an understanding that it was not to be enforced immediately,

and he believed it would be better to broach the matter personally to the company. Upon motion he, as president of the board, was instructed to confer with the officials of the light company with regard to the contemplated action.

HAIR THAT FASCINATES

Who Wants Luxurious Hair Full of Life and Beauty?

Start now madam, September is just the month to begin to acquire a glorious head of hair of which you will be justly proud during the social events of wintertime.

If you haven't used PARISIAN SAGE you aren't on the high road to hair beauty. PARISIAN SAGE is the most delightful preparation that destroys the dandruff germs and by so doing removes in a short time the cause of dandruff, falling hair, itching scalp, faded and lifeless hair. Dandruff germs are obstructionists; they prevent the hair from receiving its proper nourishment by ravenously devouring the same nourishment. Use PARISIAN SAGE for one week and note the wonderful improvement. Rowley Drug Co. guarantees it, 50 cents a bottle.

AND DO IT NOW!

Registration for the special constitutional amendment election to be held October 10 will close September 10.

This notification does not mean that a general new registration is required. It applies only to those who have not been registered since January, 1910, that is, to people who have moved into the county since that time or arrived at the voting age and have not been registered. It also applies to anyone who may have moved from one precinct to another since they registered.

LUTHERANS WILL BUILD ON BROWN STREET

The First Evangelical Lutheran church yesterday secured from Building Inspector Roper a permit to erect a one-story frame church building at 803 Brown street. The building is to cost \$1544 and E. W. Smith is the contractor. The new congregation is a branch of the German Evangelical Association at Tenth and Main streets.

Particularly the Ladies.

Not only pleasant and refreshing to the taste, but gently cleansing and sweetening to the system, Syrup of Figs and Elixir of Senna is particularly adapted to ladies and children, and beneficial in all cases in which a wholesome, strengthening and effective laxative should be used. It is perfectly safe at all times and dispels colds, headaches and the pains caused by indigestion and constipation so promptly and effectively that it is the one perfect family laxative which gives satisfaction to all and is recommended by millions of families who have used it and who have personal knowledge of its excellence.

Its wonderful popularity, however, has led unscrupulous dealers to offer imitations which act unsatisfactorily. Therefore, when buying, to get its beneficial effects, always note the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package of the genuine Syrup of Figs and Elixir of Senna.

For sale by all leading druggists. Price 50 cents per bottle.

SPECIAL REVIVAL SERVICES WILL BEGIN THIS EVENING

REV. W. T. KLOTZBACH.

The first service of the special revival meetings to be held in the large tabernacle located on the corner of Second and Main streets will be held at 7:30 o'clock this evening. The tent is up and equipped with comfortable chairs, and all is in readiness for an old-time gospel meeting.

The services will be in charge of Rev. B. C. Johnson, pastor of the Free Methodist church. Rev. W. T. Klotzbach of St. Louis, conference evangelist of the Central Illinois Conference, has been engaged as special help for the meeting. Rev. Klotzbach has been, for a number of months, the traveling companion and

co-laborer of the Rev. F. H. Ashcroft, general conference evangelist of national reputation who stirred Southern California with his great revivals thirty years ago. He preaches a full gospel and all lovers of the truth will be pleased and benefited by his messages from night to night.

Mrs. Minnie Barrett Johnson, who conducted evangelistic services in Southern California ten years ago, will be an active worker in the meeting and will assist in the preaching. Other competent workers have promised to be present during the meetings. There will be services each night during the week. Day services will be announced later.

Orange "News" Proposes A Joint Polytechnic High For Two Cities

Orange News: The city of Santa Ana and the city of Orange are situated within a "bird-hop" of each other's gates. Between lies one of the most lovely districts in the whole wide world. In the course of time it will assuredly make irresistible appeal to the home builder. It is no great wrench of the imagination to picture the intervening space as thickly set with beautiful homes. It is not beyond the realm of possibility that the two cities will eventually unite. Their purposes are much in common and there is scant cause for rivalry between them.

It so happens that Santa Ana and Orange are both behind time in the matter of polytechnic education. Each has excellent high schools of their kind, but neither has made much provision for that particular training that everywhere throughout the nation is making great strides toward popular recognition.

Why should not Orange and Santa Ana unite in building a polytechnic high school in the district that lies between them?

A fine polytechnic high school, such as the two cities combined could afford to establish, would occupy a

place of eminence in education, not only in Orange County, but throughout Southern California. It would provide training for the young people of both towns that would be unsurpassed anywhere, and in attracting those who place value upon educational facilities, would prove a practical investment of no mean value.

It would prove an added bond of common interest between the two cities, and would greatly stimulate the settlement of the space between. It would, through the combination of their forces, give people of the districts building it such a return for the money they invest as they could obtain in no other way.

It would give the students access to greater advantages than they could hope for in a school supported by a more restricted district.

There are doubtless many difficulties in the way of such an enterprise, but there are doubtless also ways of overcoming them if the desire for great results and the energy to do puts its shoulder to the wheel. Laying aside sectional prejudice and personal interest for the interest of the great number, there is an opportunity here for two cities to advance their common interest.

Pomona Valley Fair To Be Decidedly Unique

Next week, September 13 to 16, occurs the Valley Fair to be held at Pomona. The affair is being arranged by the committees of Pomona, Ontario, Chino, San Dimas, Lordsburg, Claremont, Uplands, Covina, Cucamonga, Glendora and Azusa and promises to be similar to the successful one held at Santa Ana last October. It is the aim of this section to make this but the beginning of a series of annual events that resembles in many respects the county fairs that have been held so often in Eastern communities.

The main attraction will be the fair grounds with its horse, cattle and poultry show, exhibits of the products grown in this section, horticultural and floral displays, culinary and art exhibits such as the best home made bread, pies, cakes, canned fruit, preserves, and many others in which women are interested. These and many others will be seen in the fair grounds, the entrance to which will be through a midway composed of seven attractions and concessions of the California company.

In addition to this strong feature, Glenn L. Martin, the peer of all bird men, has been secured for airship flights on the morning of September 13 and 14 on Aviation field, located just west of Pomona and reached by the street car. Martin created somewhat of a sensation at Santa Ana recently, flying 3000 feet in the air and remaining aloft for an hour and five minutes.

The big parade of the fair will occur on the afternoon of the first day shortly after 2 o'clock. It will be a wonderful pageant showing the products and industrial features of one of the richest sections of a God-favored land.

Friday will be Military day, the National Guard companies of Redlands, Riverside, San Bernardino, Santa Ana, and Pomona, together with the 7th Regiment Band participating in a battalion drill and dress parade, under the command of Maj. W. W. Midgley of the 3rd Battalion, 7th

LOS ANGELES PRODUCE MARKET

Trading was brisk; offerings liberal, and the market ruled firm on commodities, and most of the orchard fruits.

There was an advance in prices on Valencia oranges. The market on citrus fruits has been inactive for some time. The change in quotations is due to a better demand for the fruit, and dealers have but light holdings. The revised figures on Valencia were from \$3 to \$3.75 a box.

There has been no further change in the apple situation; receipts are increasing, but the demand for large, sound fruit of all descriptions holds up well.

Grapes continue in good receipt. The market was weak on most varieties. The call was for Muscates and Tokays, prices of which were firm.

Green vegetable receipts were about equal to the demand, with the exception of beans, which advanced 1 cent, because of the scarcity. Limas were quoted from 4 to 5 cents a pound.

There was some new early leaf cabbage on the market, quoted at 40 cents a lug box.

Celery was in good receipt, and there was a good call for it at the prevailing figures.

Cucumbers were in good demand and sold at 35 cents a lug box.

There was no change in the potato situation. The market was steady. Offerings were light, and if any change is made it will be an advance in prices. Dealers assert that they are not getting their full quota of stock, due to the heavy demand from outside, where there has been a shortage in the crop. Receipts from outside were 910 sacks.

Egg receipts were 139 cases from outside. The continued reduction in receipts has caused some shortage in high-grade fresh-gathered eggs. There is, however, some diversion of trade to storage eggs, and this is retarding any further upward tendency.

The market on butter was firm. Receipts were 26,536 pounds. There was a good call for all grades, and the market was well cleaned up, there being practically no leftover stock on hand.

Cheese receipts were 8643 pounds. The market continues firm, with offerings about meeting the demand.

Onions were in free supply. The better grades sold promptly. Receipts were 325 sacks from outside.

Bean receipts were 108 sacks. Sweet potato receipts were 108 sacks; the market is weak, due to the small attention paid to them at this time of the year.

—Ben E. Turner, "he insures."

LEGAL NOTICES

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA

In and for the County of Los Angeles, In the matter of the estate of Jennie A. Reave, deceased.

Notice inviting bids. Under the authority of order of Court granted by the Superior Court of the County of Los Angeles, dated July 5th, 1911, I will sell at private sale, the following described property:

1. 1/2 interest in the Rancho Las Bolsas, County of Orange, State of California, and described as the east 24.54 acres of the north 40 acres of the south 60 acres of the southeast quarter of section 11, township 6 south, range 11 west, S. B. & M. being all of said 40 acres lying east of California avenue, as shown on map of Vista Del Mar tract, section 2, recorded in Book 4, page 5 of Miscellaneous Maps, Records of Orange County, California, except a strip 80 feet wide as conveyed to H. E. Huntington, trustee, by deed recorded in Book 13, page 334 of Deeds, Records of Orange County, California. Reserving therefrom for roads, aqueducts, ditches, pipes, flumes or other conduits of water, a strip of land 20 feet wide along, adjoining and each side of the section and quarter section lines.

Said sale to be made on or after the 5th day of September, 1911. Bids in writing will be received by the undersigned at the office of Hahn & Hahn, attorneys, suite 606, Chamber of Commerce building, Pasadena, California.

Terms of sale ten per cent cash to be paid when sale is approved, and balance when the sale is confirmed by Court.

C. J. WALKER, MARY R. DARLING, Executor and Executrix of the Will of Jennie A. Reave.

Dated August 15th, 1911.

HAHN & HAHN, Attorneys for Estate.

American Tea and Crockery Company Announcement

UNDER NEW MANAGEMENT THIS BUSINESS IS NOW STRICTLY A HOME CONCERN

I herewith beg to announce that I have purchased the local store of the Great American Importing Tea Co. at 215 East Fourth street, Santa Ana, where an enviable trade has been built up by its former manager, Miss M. Enderle, who has made a host of friends in a business and social way. Her many friends no doubt

will be pleased to learn that she will continue her services as my assistant. The store will now be known as the American Tea & Crockery Co. and will continue handling the Great American Importing Tea Co.'s celebrated and well known lines of Teas, Coffees, Spices, Baking Powder, Extracts and Fancy Groceries, giving big premium coupons with all purchases. Will

also carry a complete line of China, Crockery, Glassware, White and Grey Lnamelware, Household Goods, etc., at the same popular prices as heretofore. My aim will be to sell the best quality of goods at the lowest prices, assuring all patrons prompt service with satisfaction guaranteed. Give me a trial and be convinced.

Frank C. Farwell
Proprietor

AMERICAN TEA AND CROCKERY COMPANY

215 E. 4th Street
Santa Ana

WEDDING IN JAIL PREVENTED BY LAW

Sylvia Silkwood of Santa Ana
Had License But Officers
Interfered

Because, an, interlocutory divorce granted some years ago had never been made permanent Clinton J. Hunt was unable to right the wrong he did Sylvia Silkwood of Santa Ana, and for which he is now under arrest, in Los Angeles. The Los Angeles Herald of this morning gives the latest developments in the case as follows:

Armed with a marriage license and carrying her babe in her arms, 19-year old Sylvia Silkwood of Santa Ana yesterday went bitterly when the officials of the sheriff's office refused to permit her to wed her alleged kidnaper, Clinton J. Hunt, aged 24, now in the county jail on her father's complaint. The officials knew that Hunt had been wedded some years ago, and that his wife had secured an interlocutory decree of divorce which was not yet made final. So by a narrow margin, the woman escaped making the man she loved a bigamist.

Sylvia Silkwood is the daughter of a farmer at Santa Ana. She became acquainted with Hunt several years ago, when she was hardly 17, and almost immediately fell in love with him, although he was at that time already married. Out of the relations between Hunt and the girl grew the divorce action subsequently instituted by the wife, it is said. According to the stories told by Hunt and the girl to Constable Charles Thomas, who arrested the young man, the couple lived for many months with the girl's parents. Then the father joined a religious sect at Santa Ana and induced the girl to join. Then she tried to break with Hunt.

Hunt knew that his wife was trying to get a divorce, and several weeks ago he and the girl disappeared and came back to this city. Silkwood followed and got a warrant for the arrest of Hunt on a charge of kidnapping. Thomas arrested Hunt Monday morning as the man called for some express matter at a local railroad station. He was held in default of \$5000 bonds for examination when arraigned before Justice Reeves Tuesday morning.

Yesterday morning Sylvia Silkwood

applied at the marriage license bureau for a license to wed Hunt. The clerk, not knowing the circumstances, issued the permit, and the girl, babe in arms and accompanied by another woman, called at the sheriff's office for a permit to see Hunt. Asked why she desired to see the man, the girl replied that she had been advised by her counsel that as Mrs. Hunt had been granted a decree of divorce, her husband was free to wed. She did not

understand that this decree had not been made final. Happy in anticipation of at last joining in wedlock the man she loved, she made her application to the officials in all confidence that she soon would be a wife. Joy instantly gave way to tears, and the girl, supported by her companion, left the office, passed the jail where her sweetheart was incarcerated, and disappeared in the city.

Go to Your Physician
—Ask his opinion of a remedy for the ailments peculiar to women that contains in judicious amount such ingredients as Black Haw, Cramp Bark, Unicorn Root, Squaw Vine, Blue Cohosh, Golden Seal and Cinnamon Bark. He will tell you that these are just the ingredients used by specialists in treating such ailments and that the good judgment shown in their selection has been demonstrated by countless cases benefited.

Rexall Vegetable Compound is made after the formula of a successful physician who has made a specialty of woman's ailments, and contains the ingredients mentioned above.

Its worth has been demonstrated many times by your friends and neighbors and, if you have need of such a remedy, we ask that you try Rexall Vegetable Compound at our risk.

If it fails to benefit you, we will promptly refund your money.

Sold only at our store—The Rexall Drug Store. Price, \$1.00 per bottle. Dean's Drug Store.

MEXICAN HELD ON ROBBERY CHARGE

Deonicio Cerna and Bicente Nunez, charged with assaulting and robbing Jose Cardiel near El Toro Monday, were given preliminary examination in Justice Cox's court this morning and held to answer to the superior court in bonds of \$1000 each. The men, it is charged, enticed Cardiel into a lonely canyon, took \$42 from him at the point of a knife, and then beat him over the head with a stone. The accused had no attorney, and told a rambling story which was to the effect that Cardiel had given them the money.

After the men had been held over it was learned that another Mexican had complained that the two men had held him up on the road and attempted to rob him, and it is probable that another charge will be laid against the pair.

Juarez Gets Thirty Days
Ynez Juarez, charged with stealing two wax models of cattle from Clemente Ortiz of Tustin, was found guilty of petit larceny in the township court this afternoon and sentenced to thirty days in the county jail.

Drs. Rossiter & Paul, Dentists, corner Fourth and Main Sts.

WILKIE PROBING CUSTOMS FRAUDS

Spies Out Land in Los Angeles
—Forging Links in Chain of Evidence

Los Angeles Examiner: Stupendous customs frauds that are costing the United States Government millions of dollars each year yesterday brought John E. Wilkie to Los Angeles as one of the pivotal points in the far-reaching conspiracy to defraud the Treasury Department. While this city is involved in a comparatively small way, it is believed, that Wilkie, supervising agent of customs and head of the United States Secret Service, learned important details while here.

He spent the day in close conference with Special Treasury Agent F. H. Johnson and Secret Service Operator George W. Hazen. Late in the afternoon Wilkie and Johnson made a hurried trip to Pasadena. Today Wilkie is rushing to El Paso to complete another link in the chain of evidence he is supposedly forging against customs thieves. From there he goes to Galveston and thence to Washington, to make a partial report to the Secretary of the Treasury.

From the capital Wilkie will hurry abroad. When he returns, it is believed that revelations will be made that will be far-reaching in their consequences to many well known importers in New York and other cities.

A BUSINESS CHANGE
The Great American Importing Tea Company, which for a great many years has been the property of a large corporation owning a chain of stores, has recently passed into the hands of F. C. Farwell who came here recently from Chicago. Mr. Farwell's business, that of a traveling salesman, took him from coast to coast, and after several periodical visits to this city he decided to make his home here.

Mr. Farwell's business training and ability fits him well for his new business and being a capable, wide awake young man, full of energy and enthusiasm, he is certain of success.

Miss M. Enderle, for a number of years the efficient manager of the store, will continue to hold a position with Mr. Farwell, who recognizes that it is largely due to her efforts that the present large trade enjoyed by the store was built up.

In future the store will be known as the American Tea & Crockery Company and will handle practically the same line of goods as heretofore. It will hereafter have no outside connection whatever.

FIRST AUTUMN DISPLAY

OF
AUTHORITATIVE
NEW YORK STYLES

Benjamin Clothes

Fabrics and Fashions of Unusual Importance to Critical Dressers

We have but recently received the last of our shipments of Benjamin Clothes, those unique made in New York Garments for Men and Young Men, and we take pleasure in announcing the first annual display.

These clothes reach the topmost notch in quality and distinctiveness. They combine the tailoring and smartness ordinarily found only in custom tailor garments.

Your early inspection of these cleverly made in New York garments is respectfully suggested.

Ladies' Suits and Coats

Our ready-to-wear department is waiting for your inspection. We have the best line of Fall Suits and Long Coats we have ever gotten together. While it is early you get the very choicest of the selections, many of which we have just one of a kind and will not duplicate again. You can't afford when you want a suit or coat not to look and see what Gilbert has to offer. Suits from \$12.50 up to \$35.00. Long Coats from \$5.00 up to \$37.50. We absolutely guarantee you a perfect fit. Let us show you today.

Fall Millinery

The right kind of Hats that appeal to the well dressed woman. Our millinery department has grown larger year by year. Today we have as fine an equipped department as one could wish for. Our large sales of the past year have been far in excess of our most sanguine expectations. Our immense success is due to our original designs as well as our extremely low prices. If you are not one of our customers come today and talk the matter over with one of our staff of designers. Get in line and trade at Gilberts. This is our 9th millinery season in Santa Ana and we are going to make it our banner one.

E. S. Gilbert Co.
(Incorporated)

We sell Pictorial Review Patterns.

MARTIN NOW HAS AVIATOR'S LICENSE

Glenn L. Martin yesterday received from the Aero Club of America his license as an aviator, which he won by his flights at the aviation field south of the city a month ago. Martin is the first aviator on the Pacific coast to secure a license from the club, and the first in America to win a license in a plane of his own construction.

The license carries the endorsement not only of the Aero Club of America, but of the Federation Aeronautique Internationale, the highest authority in aviation. Martin's license is numbered 56, showing that so far only fifty-five aviators the country over have preceded him in complying with the strict terms imposed by the club.

Martin is today shipping his plane to Pomona, where he has been engaged to make two flights on Wednesday and Thursday of next week. He will go to Pomona Monday.

ADRIAT AT SEA FOR 3 DAYS—PETTICOAT SIGNAL SAVED TWO

PORTSMOUTH, N. H., Sept. 7.—Three days adrift at sea, facing death every hour, Miss Elsie Henderson, 21 years old, lying unconscious in the cockpit, and Thomas Dennison, 22, of Dover, raving in delirium, were picked up yesterday six miles off the coast by the yacht Rob Roy of Lynn.

They are now in the Portsmouth Hospital. The girl revived sufficiently to tell an incoherent story of their adventures. The young man is still senseless.

Dennison is a member of a well-known family in Dover. Miss Henderson is an attractive society girl. They started Saturday morning in a small catboat for a cruise, were struck by a squall which carried their sail away, and they drifted helplessly to sea, fearing every moment they would be swamped. In desperation the girl took off her undershirt, which the young man rigged to answer as signal. The flying skirt caught the eye of Commodore Strong, who saved the young couple.

COMMONWEALTH HOME BUILDERS

offers a safe investment protected by first mortgage loans on the homes it builds. It's three sources of profit on real estate, buildings, and first mortgage loans are a reliable guarantee for its quarterly dividends. Act promptly if you desire to secure your stock at 30 cents per share. There will be no advance notice of increase in price. Write today for our book—mailed free of charge to you.

IF
You Dont Know Beans

Do you know that the State of Sonora is the best BEAN country on this continent? Do you know that with irrigation you can produce TWO CROPS OF BEANS per year?

Let us tell how you can own a splendid irrigated farm by making a SMALL CASH PAYMENT, the balance to be paid to us in ONE-HALF the BEANS YOU RAISE.

Why work for some one else? Why not own your own ranch? You can net \$100.00 per acre per year. Markets unexcelled. Price only \$50.00 per acre with water.

Personally conducted parties going down every week. Join one of them right away.

Write or telephone at our expense and our representative will call any place in Orange County.
